HUNGER ALLIANCE AWARDS CAPACITY BUILDING GRANTS

LITTLE ROCK, AR (February 22, 2016) – Each year the Arkansas Hunger Relief Alliance awards grant dollars to member food banks, pantries, soup kitchens, shelters and other hunger relief agencies to help increase their program capacity. This year the Alliance awarded $188,827 in grants to 111 member agencies across Arkansas. See the complete list of this year’s recipients here. For some agencies the grant requests were for purchasing ovens, freezers, refrigerators or other food preparation and storage equipment; for other members additional shelving, thermal bags, hydraulic lifts or food transport assistance were needed to meet the increasing demand for emergency food assistance in their local communities. Although the economy is improving, Arkansas’s food banks, pantries and other food assistance organizations are still seeing growing need and under-employment in the populations they serve.

Not only do Alliance Capacity Building Grants help those organizations on the front lines of charitable food assistance, but those dollars also provide a boost to the communities in which they are spent, providing added economic stimulus right here in Arkansas.

The Alliance is grateful to our members for their dedication to the cause of feeding the hungry of our state. We salute them.
